Annual Enrollment offers you the opportunity to review your benefit options and enroll in or change your coverage. If you want to keep your current benefits, you do not need to complete any paperwork, as your coverage will continue automatically.

- **Review this guide.** Learn about important benefit and rate changes effective July 1, 2018 and review your options for health insurance products and benefit programs.

- **Attend a GIC health fair.** Health fairs offer the opportunity to speak with GIC staff and carrier representatives about the products and benefits available to you. Find information about health fair events at [mass.gov/orgs/group-insurance-commission](mass.gov/orgs/group-insurance-commission).

- **Consider a less expensive option.** Regional and limited network products have the same or better benefits as broad network products, but at a lower cost because they have a smaller network of providers (doctors and hospitals).

- **Contact the carriers.** Carrier-specific questions – such as network coverage, doctor or drug tiering, or wellness benefits – should be directed to the appropriate carrier. (See page 21 for more information on how to contact your carrier.)

- **Ending your GIC coverage.** If you have access to non-GIC health insurance through your spouse or another employer-sponsored plan, you may benefit from the Buy-Out program. Go to [mass.gov/orgs/group-insurance-commission](mass.gov/orgs/group-insurance-commission) to find out if you are eligible.

---

**IMPORTANT REMINDERS!**

- **Completed Annual Enrollment forms are due to the GIC, including Buy-Out forms, by Wednesday, May 2, 2018:** All forms are available on the GIC website ([mass.gov/gic-forms](mass.gov/gic-forms)). Buy-Out forms must be mailed directly to the GIC by May 2. Changes go into effect July 1, 2018.

- **Employees can enroll in coverage for the first time at Annual Enrollment or within 60 days of a documented qualifying event.** Qualifying events include marriage, birth/adoption of a child, involuntary loss of other coverage, spouse’s Annual Enrollment or return from an approved FMLA or maternity leave. New hires may enroll in coverage during their first ten days of employment and also during Annual Enrollment.

- **Once you choose health care coverage, you cannot change products until the next Annual Enrollment period.** Even if your doctor or hospital leaves the health insurance product, unless you have an eligible qualifying status change, you must remain enrolled in your selected plan until the next Annual Enrollment. You can find a list of qualifying status changes on the GIC’s Annual Enrollment website at [mass.gov/orgs/group-insurance-commission](mass.gov/orgs/group-insurance-commission).

- **Physician and hospital copay tiers change each July 1.** Please check with your insurance carrier to see if your provider or hospital tier has changed.

- **Doctors and hospitals within a carrier’s network can change during the year, usually because of a health carrier and provider contract issue, practice mergers, retirement or relocation.** If your doctor is no longer available, your health insurance carrier will help you find a new one.

- **When checking provider coverage and tiers, be sure to specify the health insurance product’s full name, such as “Tufts Health Plan Spirit” or “Tufts Health Plan Navigator,” and not just “Tufts Health Plan.”** The health insurance carrier is your best source for this information.
How to Use This Guide

The Benefits Decision Guide is an overview of GIC benefits and is not a benefit handbook. Contact the carriers or visit the GIC's website for more detailed product handbooks.

5 Ways to Lower Your Out-of-Pocket Costs

1. Enroll in pre-tax Flexible Spending Account benefits
2. Consider regional and limited network health product options
3. Use non-emergency care facilities instead of an emergency room for non-urgent care
4. Consider utilizing your carrier’s Telehealth option
5. Before receiving non-emergency services, check your health insurance carrier’s cost estimator to find high-quality, low-cost services

Which option is best for me?

When deciding what product is right for you, it is important to consider:

- Where will you and your dependents be living in FY19?
- What type of coverage do you need, National? Broad? or Regional and Limited?
- Are your doctors and hospitals in the product’s network?
- Which tier are your doctors and hospitals in?
- If there are new doctors you would like to see, which of those doctors in the network are accepting new patients?
Welcome to Annual Enrollment!

Dear Colleague:

As Executive Director of the Group Insurance Commission, I am privileged to have the opportunity to serve you and advance our goal to help every member access high-value health care benefit options at an affordable cost.

GIC members are at the center of this important work, and to that end, we continue to develop channels from which to hear directly from you, our members. We conducted a member survey last fall and have since held public forums to hear from you in person. You shared your concerns about maintaining your health plan benefits, and about the rising costs of health care and prescription drugs, which are growing at rates much faster than wages. You have also told us that while you are generally satisfied with your health plan, you want us to do more to try to control premium and other out-of-pocket costs.

With this in mind, this year, the GIC has taken steps to bend the trend when it comes to containing these costs, while conserving benefits and options for members. Overall, this year’s aggregate premium rate increase is being kept to zero percent, and a number of member-friendly enhancements have been made to serve you better, including some reduced copays and deductibles.

You should consider this year’s Benefits Decision Guide, and our website mass.gov/orgs/group-insurance-commission to be your go-to-resources for identifying and selecting the best plan. I also encourage you to attend one of this year’s health fairs, at which you can meet with health plan representatives and other providers and GIC staff about your benefits.

Thank you for your service to the Commonwealth.

Sincerely yours,

Roberta Herman, M.D.
Executive Director
Group Insurance Commission
Learn What’s New During Annual Enrollment

What’s Changing This Year:

- **Health benefit changes for the coming year**: In response to your feedback, the GIC has implemented a number of changes to help reduce your out-of-pocket costs and make using your benefits easier, including:
  - Reduced copays when seeing a Tier 3 specialist (Tier 3 copays will now be $75, down from $90 last year)
  - Members will no longer be charged ambulance copays after their deductible
  - All members will have access to $15 Telehealth coverage
  - Utilizing hospice care will no longer require prior authorization
  - Some regional and limited network products will now have lower deductibles

More information is detailed in this Benefits Decision Guide.

- **Integration of Medical and Behavioral Health Benefits**. To better integrate your care, effective July 1, you will receive behavioral health benefits through your health insurance carrier. Please contact your health insurance carrier to learn more about this change.

- **NEW! Express Scripts will be your prescription drug administrator**: If you are enrolled in medical coverage through the GIC, you will automatically receive prescription drug coverage through Express Scripts (ESI). Express Scripts offers cost management resources and live customer service support so you can best understand and manage your prescription costs. You will receive a separate ID card for the Express Scripts pharmacy benefit. Don’t forget to bring it with you to the pharmacy when you get your prescriptions filled. If you have questions about this new program, visit express-scripts.com/gicRx or call 855-283-7679.

- **2018 FSA Account Maximum Increases**. The FSA Health Care Spending Account maximum will increase from $2,600 to $2,650.

- **WellMASS programs will now be offered through your health insurance carrier**. Please contact your carrier for details about their specific wellness programs.

- **The GIC offers 11 medical product options**. You can choose between Broad Network products and Regional and Limited Network products. The GIC has made a few changes and enhancements to your medical product options this year. The following pages detail this information.

Terms to Know:

- **Most products require GIC member cost-sharing involving one or more of the following**.
  - **Copay**: A fixed dollar amount (e.g., $20) that you pay for a covered health care service, such as a visit to your doctor or a specialist.
  - **Deductible**: A dollar amount you need to pay each year before your product pays for covered health care services.
  - **Out-of-Pocket Maximum**: The maximum amount you will pay each year for certain covered services that apply toward the maximum, after which your product will begin to pay in full for these covered services.
  - **Coinsurance**: Your share of the costs of a covered health care service, typically calculated as a percentage of the amount allowed for the service provided.
  - **Out-of-Network Provider**: A medical provider which has not contracted with your insurance company for reimbursement at a negotiated rate. Some health insurance products, like HMOs, do not reimburse out-of-network providers at all, which means that you would be responsible for the full amount charged by your doctor. While an in-network provider is preferable in terms of lowering your out-of-pocket costs, there are some cases where seeing an out-of-network provider may be necessary, such as in an emergency or to receive certain specialized care.

Personal or Family Information Changes?

You must notify the GIC of family status changes, such as legal separation, divorce, remarriage, and/or addition of dependents. Failure to do so can result in financial liability to you. Please notify the GIC when any of the following changes occur: Marriage or remarriage; legal separation; divorce; address change; birth or adoption of a child; legal guardianship of a child; remarriage of a former spouse; dependent age 19 to 26 who is no longer a full-time student; dependent other than full-time student who has moved out of your health plan’s service area; death of a covered spouse, dependent or beneficiary; life insurance beneficiary change; or you have GIC COBRA coverage and become eligible for other coverage.

National Product
(UniCare Basic)

UniCare State Indemnity Plan/Basic Indemnity

About the Product:
• Provides access to any licensed doctor or hospital throughout the United States and outside of the country*
• In Massachusetts, provides 100% coverage of allowed charges after copay and deductible
• Members are encouraged to select a Primary Care Provider (PCP) to manage their care and pay a lower copay if they see a Centered Care PCP

What's changing for this plan year:
• Reduced copay from $90 to $75 for third-tier specialists
• New combined medical and pharmacy out-of-pocket maximum ($5,000/$10,000)
• New vendor for prescription drug coverage: Express Scripts
• Emergency ambulance (no charge after deductible)

* To avoid additional non-Massachusetts provider charges, contact UniCare to find doctors and hospitals in your area that participate in UniCare’s national Anthem and Private Healthcare Systems (PHCS) network. Please visit UniCare’s website for in- and out-of-network providers and hospitals in New England and border states.

Broad Network Products
(UniCare PLUS, Tufts Navigator, Fallon Select, Harvard Pilgrim Health Care Independence)

UniCare State Indemnity Plan/PLUS PPO-Type

About the Product:
• Provides access to all Massachusetts physicians and hospitals; also provides access to the carrier’s network of physicians and providers throughout New England and border states, with in- and out-of-network benefits
• Out-of-state non-UniCare providers have 80% coverage of allowed charges*
• Members are encouraged to select a Primary Care Provider (PCP) to manage their care and pay a lower copay if they see a Centered Care PCP
• Members will pay lower copays for Tier 1 and Tier 2 PCPs and specialists and Tier 1 and Tier 2 hospitals

What's changing for this plan year:
• Reduced copay from $90 to $75 for third-tier specialists
• New combined medical and pharmacy out-of-pocket maximum ($5,000/$10,000)
• New vendor for prescription drug coverage: Express Scripts
• Emergency ambulance (no charge after deductible)
• Expansion of in-network coverage area in New England and border states

Terms to Know:

HMO (Health Maintenance Organization): A health insurance product providing coverage for treatment by a network of doctors, hospitals and other health care providers within a certain geographic area. HMOs do not offer out-of-network benefits, with the exception of emergency care. Selection of a Primary Care Provider is required.

PPO (Preferred Provider Organization): A health insurance product providing coverage by network doctors, hospitals, and other health care providers. It allows treatment by out-of-network providers, but at a lower level of coverage. A PPO plan encourages the selection of a Primary Care Provider.

POS (Point of Service): A health insurance product providing coverage for treatment by a network of doctors, hospitals and other health care providers. Selection of a Primary Care Provider is required. To get the lowest out-of-pocket cost, a member must get a referral to a specialist.

Indemnity Plan: Comprehensive coverage anywhere in the world for many health services including hospital stays, surgery, emergency care, preventive care, outpatient services and other medically necessary treatment. You can get services from any provider, anywhere in the world. Keep in mind, however, that benefits differ depending on the service and the provider, and that not all services are covered.
Tufts Health Plan Navigator POS

About the Product:
- Provides coverage for treatment by a network of doctors, hospitals and other health care providers
- Members must select a Primary Care Provider (PCP) to manage their care and obtain referrals to specialists to receive care at the in-network level of coverage
- The product allows treatment by out-of-network providers or in-network care without a Primary Care Provider (PCP) referral, but with higher out-of-pocket costs
- Members will pay lower copays for Tier 1 or Tier 2 PCPs and specialists and Tier 1 or Tier 2 hospitals

What's changing for this plan year:
- Reduced copay from $90 to $75 for third-tier specialists
- For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
- Emergency ambulance (no charge after deductible)
- New vendor for prescription drug coverage: Express Scripts

Fallon Health Select Care HMO

About the Product:
- Provides coverage through the carrier’s network of doctors, hospital and other providers
- Members must select a Primary Care Provider (PCP) to coordinate their care and obtain referrals to specialists
- No out-of-network benefits are provided, with the exception of emergency care
- Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists and use Tier 1 or Tier 2 hospitals

Harvard Pilgrim Health Care Independence POS

About the Product:
- A POS product that provides coverage for treatment by a network of doctors, hospitals and other health care providers
- Members must select a Primary Care Provider (PCP) to manage their care and obtain referrals to specialists to receive care at the in-network level of coverage
- The product allows treatment by out-of-network providers or in-network care without a Primary Care Provider (PCP) referral, but with higher out-of-pocket costs
- Members will pay lower copays for Tier 1 or Tier 2 PCPs and specialists and Tier 1 or Tier 2 hospitals

What's changing for this plan year:
- Reduced copay from $90 to $75 for third-tier specialists
- For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
- Emergency ambulance (no charge after deductible)
- New vendor for prescription drug coverage: Express Scripts

New $15 copay for Telehealth visits
Health Insurance Product Summaries

Regional Network Products
(Health New England HMO and NHP Prime)

Health New England HMO

About the Product:
• Provides coverage through the carrier’s network of doctors, hospital and other providers
• Members must select a Primary Care Provider (PCP) to coordinate their care; referrals to network specialists are not required
• No out-of-network benefits are provided, with the exception of emergency care
• Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists

What’s changing for this plan year:
• Lower medical deductible: $400 (individual)/$800 (family)
• Reduced copay from $90 to $75 for third-tier specialists
• Emergency ambulance (no charge after deductible)
• For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
• New vendor for prescription drug coverage: Express Scripts
• New $15 copay for Telehealth visits

NHP Prime (Neighborhood Health Plan) HMO

About the Product:
• Provides coverage through the carrier’s network of doctors, hospital and other providers
• Members must select a Primary Care Provider (PCP) to coordinate their care and obtain referrals to specialists
• No out-of-network benefits are provided, with the exception of emergency care
• Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists

Limited Network Products

UniCare State Indemnity Plan/Community Choice

About the Product:
• Product with a hospital network of community hospitals and some tertiary hospitals in Massachusetts, provides 100% coverage of allowed charges after copayment and deductible
• Members have the option to seek care from an out-of-network hospital for 80% coverage of the allowed amount for inpatient care and outpatient surgery, after paying a copay
• The product offers access to all Massachusetts physicians and members are encouraged to select a Primary Care Provider (PCP)
• Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists

What’s changing for this plan year:
• Lower medical deductible from $500 (individual)/$1,000 (family) to $400 (individual)/$800 (family)
• Reduced copay from $90 to $75 for third-tier specialists
• New combined medical and pharmacy out-of-pocket maximum ($5,000/$10,000)
• Lowered copay for Patient Centered PCPs from $20 to $15
• For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
• New vendor for prescription drug coverage: Express Scripts
Tufts Health Plan Spirit EPO HMO-Type

About the Product:
- Provides coverage through the carrier’s network of doctors, hospitals and other providers
- Members are encouraged to select a Primary Care Provider (PCP)
- No out-of-network benefits are provided, with the exception of emergency care
- Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists and Tier 1 Hospitals

What’s changing for this plan year:
- Lower medical deductible: from $500 (individual)/$1,000 (family) to $400 (individual)/$800 (family)
- Reduced copay from $90 to $75 for third-tier specialists
- Reduced inpatient hospital copay to $275 for Tier 1 and $500 for Tier 2
- For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
- New vendor for prescription drug coverage: Express Scripts

Fallon Health Direct Care HMO

About the Product:
- The product offers a limited network based in a geographically concentrated area
- Provides coverage through the carrier’s network of doctors, hospital and other providers
- Members must select a Primary Care Provider (PCP) to coordinate their care and obtain referrals to specialists
- No out-of-network benefits are provided, with the exception of emergency care
- Members will pay lower office visit copays when they see Tier 1 or Tier 2 specialists

What’s changing for this plan year:
- Lower medical deductible: from $500 (individual)/$1,000 (family) to $400 (individual)/$800 (family)
- For members 21 and under, new $2,000 per hearing aid per impaired ear every 24 months
- New vendor for prescription drug coverage: Express Scripts
- New $15 copay for Telehealth visits

Harvard Pilgrim Primary Choice Plan HMO

About the Product:
- Provides coverage through the carrier’s network of doctors, hospital and other providers
- Members must select a Primary Care Provider (PCP) to coordinate their care and obtain referrals to specialists
- No out-of-network benefits are provided, with the exception of emergency care
- Members will pay lower office visit copays when they see Tier 1 specialists and Tier 1 hospitals

What’s changing for this plan year:
- Separate medical and prescription drug deductible: $400 (individual)/$800 (family) for medical and $100 (individual)/$200 (family) for prescription drugs.
- Reduced copay from $90 to $75 for third-tier specialists
- New vendor for prescription drug coverage: Express Scripts
- New $15 copay for Telehealth visits
In an effort to help GIC members save on pharmaceutical costs, the GIC has contracted with Express Scripts (ESI) to manage the prescription drug benefit for all GIC non-Medicare medical products beginning July 1, 2018. You will receive a separate ID card that you will be required to use when filling your prescriptions. You will be able to access a broad network of retail pharmacies to fill a 30-day supply and can fill a 90-day supply through mail order or at a CVS Pharmacy.

**Prescription Drug Deductible**
All GIC non-Medicare medical products have a fiscal year Rx deductible of $100 individual/$200 family. The prescription drug deductible is separate from your health product deductible. Once you’ve paid your prescription deductible, your covered drugs will be subject to copayment.

**Drug Copayments**
All GIC health products provide benefits for prescription drugs using a three-tier copayment structure in which your copayments vary, depending on the drug dispensed. Contact ESI with questions about your specific medications.

**Tier 1:** You pay the **lowest** copayment. This tier is primarily made up of generic drugs, although some brand name drugs may be included. Generic drugs have the same active ingredients in the same strength as their brand name counterparts. Brand name drugs are almost always significantly more expensive than generics.

**Tier 2:** You pay the **mid-level** copayment. This tier is primarily made up of brand name drugs, selected based on reviews of the relatively safety, effectiveness and cost of the many brand name drugs on the market. Some generics may also be included.

**Tier 3:** You pay the **highest** copayment. This tier is primarily made up of the brand name drugs not included in Tiers 1 or 2. Generic or brand name alternatives for Tier 3 drugs may be available in Tiers 1 or 2.

**Prescription Drug Programs**
All GIC products have the following programs to encourage the use of safe, effective and less costly prescription drugs. Contact ESI for details about these programs and whether they apply to drugs you are taking.

**Mandatory Generics**
When filling a prescription for a brand name drug for which there is a generic equivalent, you will be responsible for the cost difference between the brand name drug and the generic, **plus** the generic copay.

**Step Therapy**
This program requires enrollees to try effective, less costly drugs before more expensive alternatives will be covered.

**Maintenance Drug Pharmacy Selection**
If you receive 30-day supplies of your maintenance drugs at a retail pharmacy, you must call ESI to tell them whether you wish to continue to use a retail pharmacy for a 30-day supply or change to 90-day supplies through either mail order or CVS pharmacies.

**Specialty Drug Pharmacies**
If you are prescribed injected or infused specialty drugs, you may need to use a specialty pharmacy which can provide you with 24-hour clinical support, education and side effect management. Medications are delivered to your home or doctor’s office.

**Prior Authorization**
You or your health care provider may be required to contact ESI for prior authorization before getting certain prescriptions filled. This restriction could be in place for safety reasons or because ESI needs to understand the reasons the drug is being prescribed instead of a less expensive, first-line formulary option.

**Quantity Limits**
To promote member safety and appropriate and cost-effective use of medications, there may be limits on the quantity of certain prescription drugs that you may receive at one time.
Health Insurance Buy-Out

If you have access to non-GIC health insurance through your spouse or another employer-sponsored product, it may pay to participate in the Buy-Out Program. There are two buy-out periods and your reimbursement will be determined based on your product at the end of the covered period.

### During Annual Enrollment

If you were insured with the GIC on January 1, 2018 or before, and continue your coverage through June 30, 2018, you may apply to buy out your health plan coverage **effective July 1, 2018**.

**October 3 — November 2, 2018**

If you are insured with the GIC on July 1, 2018 or before, and continue your coverage through December 31, 2018, you may apply to buy out your health plan coverage **effective January 1, 2019**. The enrollment period for this buy-out will be October 3 – November 2, 2018.

In order to be eligible, you must have other non-GIC health insurance coverage through another employer-sponsored plan that meets Internal Revenue Service “minimum value” criteria and must maintain basic life insurance. Under the Buy-Out plan, eligible state employees receive 25% of the full-cost monthly premium in lieu of health insurance benefits for one 12-month period of time. Employees in HR/CMS and UMASS agencies will receive the remittance monthly in their paycheck; employees of housing and other authorities will receive a monthly check. The amount of payment depends on your health plan and coverage.

**FOR EXAMPLE:**

State employee with Tufts Health Plan Navigator family coverage:

- Full-cost premium on July 1, 2018: $1,805.55
- Monthly 12-month benefit = 25% of this premium
- Employee receives 12 payroll deposits or monthly checks of: $451.39 (subject to federal, Medicare, and state taxes)

### Form Submission

Send the completed Buy-Out form to the GIC **no later than May 2, 2018** for the July 1, 2018 buy-out or **November 2, 2018** for the January 1, 2019 buy-out. Forms received after the deadline will not be accepted.

**Buy-Out Questions? Contact the GIC:**

- 1.617.727.2310
- mass.gov/gic-forms

Pre-Tax Premium Deductions

The Commonwealth normally deducts the employee’s share of basic life and health insurance premiums on a pre-tax basis. During Annual Enrollment, or when you have a qualified status change as outlined on the pre-tax form, you have the opportunity to change the tax status of your premiums:

- If your deductions are now taken on a pre-tax basis, you may elect to have them taxed, effective July 1, 2018.
- If you previously chose not to take the pre-tax option, you may switch to a pre-tax basis, effective July 1, 2018.

**Pre-Tax Premium Deduction Questions?**

Contact Your Payroll Department
Flexible Spending Accounts (FSAs)

The GIC’s Flexible Spending Accounts (FSAs), administered by ASIFlex, help you save money on out-of-pocket health care costs and/or dependent care expenses. On average, state employees save $300 in federal and state taxes for every $1,000 contributed.

Health Care Spending Account (HCSA)

Through the GIC’s Health Care Spending Account (HCSA), active state employees can pay for qualifying out-of-pocket health and dental care expenses on a pre-tax basis. Examples include:

- Physician office visit and prescription drug copayments
- Medical deductibles and coinsurance
- Eyeglasses, prescription sunglasses, and contact lenses
- Orthodontia and dental care
- Hearing aids and durable medical equipment
- Smoking cessation and childbirth classes
- Chiropractor and acupuncture visits

For fiscal year 2019, participants can contribute from $250 to a maximum of $2,650 through payroll deduction on a pre-tax basis. Active state employees who are eligible for GIC benefits are eligible to enroll in the HCSA.

Dependent Care Assistance Program (DCAP)

The Dependent Care Assistance Program (DCAP) allows state employees to pay for qualified dependent care expenses for a child under the age of 13, a disabled child age 13 or older, and/or an adult dependent — including day care, before- and after-school programs, elder day care, and day camp — on a pre-tax basis. You may elect a tax year DCAP contribution of up to $5,000 per household. In keeping with state statute, to participate in DCAP, you must be an active state employee and eligible for GIC benefits.

HCSA & DCAP

All HCSA participants receive two free debit cards from ASIFlex to pay for health care expenses out of their HCSA account. Additional cards for other dependents are $5.00 per set of two cards. For DCAP participants, and as an alternative for HCSA participants, you may pay for expenses and then submit a claim form with receipt(s) to receive reimbursement by check or direct deposit. ASIFlex has an online tool and mobile app to help expedite your claims submission. As required by the IRS, keep copies of all HCSA and DCAP receipts with your tax documents.

For the 2019 fiscal year, the monthly administrative fee for HCSA only, DCAP only, or HCSA and DCAP combined is $2.50 on a pre-tax basis.

Key FSA Dates

| 2019 Fiscal Plan Year: July 1, 2018 – June 30, 2019 |
| Annual Enrollment: April 4 – May 2, 2018 |
| 2½-Month Grace Period: July 1 – September 15, 2019 |
| Claim Filing Deadline: October 15, 2019 |

ANNUAL ENROLLMENT: April 4 – May 2, 2018

During the GIC’s spring 2018 Annual Enrollment period, state employees can enroll in FSA benefits for the 12-month fiscal year of July 1, 2018 – June 30, 2019. It is important to consider your election carefully. Because the IRS has a strict “use-it-or-lose it” rule, which means that money left in a pre-tax account plan at the end of a plan year is forfeited.

New State Employees and Change in Status

New state employees and employees who have a qualifying status change during the year may enroll for partial-year benefits. For HCSA, new hire benefits begin at the same time as other GIC benefits. For DCAP, coverage begins on the first day of employment.

2½-Month Grace Period

For the 2019 fiscal year, you have until September 15, 2019 to incur claims and until October 15, 2019 to submit claims.

Enrollment

Participants must re-enroll online each Annual Enrollment period, and give the enrollment confirmation page to their payroll coordinator. New participants, including those enrolling due to a qualifying status change, must complete and return the FSA enrollment and status change forms to their payroll coordinator.

Unum is the GIC’s Long Term Disability (LTD) Carrier. LTD insurance is an income replacement program that financially protects you and your family in the event you become disabled and are unable to perform the material and substantial duties of your job.

**LTD Benefits**

If you become ill, are in an accident, or have an injury and are unable to work, it is easy to fall behind on your rent or mortgage, car payment and other expenses. With less than 25% of U.S. residents having enough savings to cover six months or more of their regular expenses *(Bankrate June 2015)*, enrolling in a salary replacement plan is an important benefit for you and your family.

If you are unable to work for 90 consecutive days due to illness or injury, this program provides income replacement. Benefits include:

- A tax-free benefit of 55% of a participant’s gross monthly salary, up to a maximum benefit of $10,000 per month, up to the age of 65. If a participant is disabled on or after age 62, benefits may continue after age 65;
- A benefit for partial disabilities;
- A 36-month benefit for behavioral health disabilities;
- A rehabilitation and return-to-work assistance benefit; and
- A dependent care expense benefit.

Be sure to contact Unum within 90 days of your disability, even if you are still using vacation, sick time or workers’ compensation benefits. Although LTD benefits are reduced by other income sources, such as Social Security disability, workers’ compensation, and accumulated sick leave and retirement benefits, you will still receive a benefit. The minimum LTD benefit is $100 or 10% of your gross monthly benefit amount, whichever is greater. You must notify the plan if you begin receiving other benefits.

**Eligibility and Enrollment**

Active state employees who are eligible for GIC benefits are eligible for LTD.

**New State Employees**

As a new state employee within 31 days of hire, eligible employees may enroll in LTD without providing evidence of good health.

**Current State Employees**

All eligible employees can apply for LTD coverage during Annual Enrollment, or at any time during the year. You must provide proof of good health for Unum’s approval to enter the plan.

Life insurance, insured by The Hartford Life and Accident Insurance Company, helps provide for your family’s economic well-being in the event of your death. This benefit is paid to your designated beneficiaries.

**Basic Life Insurance**

The Commonwealth offers $5,000 of Basic Life Insurance.

**Optional Life Insurance**

Optional Life Insurance is available to provide economic support for your family. This term insurance allows you to increase your coverage up to eight times your annual salary, up to a maximum of $1.5 million. Term insurance pays your designated beneficiary in the event of your death. It is not an investment policy; it has no cash value. This is an employee-pay-all benefit.

**How Much Do You Need?**

To estimate how much Optional Life Insurance you might need, or whether this coverage is right for you, consider such financial factors as:

- Your family’s yearly expenses;
- Future expenses, such as college tuition or other expenses unique to your family;
- Your family’s income from savings, other insurance, other sources; and
- The life insurance cost and your family’s outstanding debts. For instance, employees with young families and mortgages might need the coverage. But older employees who have paid off their mortgage and have no dependent expenses might not need it, especially because premiums increase significantly as you age.

**Preparing for Retirement**

Before retirement, you should review the amount of your Optional Life Insurance coverage and its cost to determine whether it will make economic sense for you to keep it or reduce your amount of coverage. Talk with a financial advisor about other programs that might be more beneficial at retirement. If you make no change to your Optional Life Insurance coverage at retirement, you will be responsible for the retiree Optional Life Insurance premium, which can be substantial. Optional Life Insurance rates significantly increase when you retire, and continue to increase based on your age.

See the GIC Benefits Decision Guide for Retirees & Survivors or our website for these rates.

**Accidental Death & Dismemberment (AD&D) Benefits**

In the event you are injured or die as a result of an accident while insured for life insurance, there are benefits for the following losses:

- Life
- Hands, Feet, Eyes
- Speech and/or Hearing
- Thumb and Index Finger of the Same Hand
- Quadriplegia
- Paraplegia
- Hemiplegia
- Coma
- Brain Damage
- Added benefits for loss of life in a car accident while using an airbag or seat belt

**Accelerated Death Benefit**

This one-time benefit allows you to elect an advance payment of 25% to 80% of your life insurance death benefit if you have been diagnosed with a terminal illness. Insured employees are eligible for this benefit if the attending physician provides satisfactory evidence that you have a life expectancy of 12 months or less. Upon payment of the accelerated death benefit, future life insurance premiums are waived, regardless of your age. The remaining balance is paid to your beneficiary when you die.

Optional Life Insurance Enrollment
You must be enrolled in Basic Life Insurance in order to apply for Optional Life Insurance.

New State Employees
As a new state employee, you may enroll in Optional Life Insurance for a coverage amount of up to eight times your salary, without the need for any medical review.

Current Employees During the Year
State employees actively at work may apply for the first time or apply to increase their coverage at any time during the year. After you apply, you will receive instructions for completing a personal health application for The Hartford's review and approval. The GIC will determine the effective date if The Hartford approves the application.

Current Employees with a Qualified Family Status Change
State employees actively at work who have a qualified family status change during the year may enroll in or increase their coverage without any medical review in an amount up to a coverage limit not to exceed four times their salary provided that the GIC receives proof, within 31 days, of the qualifying event. Family status changes include the following events:

- Marriage
- Divorce
- Birth or adoption of a child
- Death of a spouse

Optional Life Insurance Non-Smoker Benefit
At initial enrollment or during Annual Enrollment, if you have been tobacco-free (have not smoked cigarettes, cigars or a pipe nor used snuff, chewing tobacco or a nicotine delivery system) for at least the past 12 months, you are eligible for reduced non-smoker Optional Life Insurance rates. You will be required to periodically recertify your non-smoking status in order to qualify for the lower rates. Changes in smoking status made during Annual Enrollment will become effective July 1, 2018.

Life Insurance and Leaving State Service
Active employees who leave state service can take advantage of the following options:

- Portability – Continue your basic and/or Optional Life Insurance at the group rate. Eligibility for portability ends at normal Social Security retirement age.
- Conversion – Convert your life insurance coverage to a non-group policy.

Eligibility for the GIC Dental and Vision Plan

The GIC Dental/Vision Plan is for state employees who are not covered by collective bargaining or do not have another Dental and/or Vision Plan through the Commonwealth. The plan primarily covers managers, Legislators, Legislative staff, and certain Executive Office staff. Employees of authorities, municipalities, higher education, and the Judicial Trial Court system are not eligible for GIC Dental/Vision coverage.

Enrollment

During Annual Enrollment or within 60 days of a qualifying status change, eligible employees may enroll in GIC Dental/Vision benefits, and change their dental product selection.

WEIGH YOUR DENTAL PRODUCT OPTIONS

With either dental insurance product, if you use MetLife’s network of participating dentists, you will be able to take advantage of negotiated fees, even after you have exceeded your annual maximum.

The GIC recommends that you check to see whether you and/or your dependents receive all of your dental care from a participating MetLife dentist:

- **PPO Product (MetLife Value):**
  If you and/or your dependents receive all of your care from a participating MetLife dentist, this product will help you save on monthly premium costs and will also usually result in lower out-of-pocket costs. However, if you are in the PPO (MetLife Value) product and you go out of network, you will need to satisfy a $100 deductible and the benefit levels are slightly lower.

- **Indemnity Product (MetLife Classic):**
  If you and/or your dependents intend to not visit participating dentists, choosing this plan will provide higher benefit levels, but at a higher monthly premium cost.

Keep in mind that once you choose a dental product, you may not change products until the next Annual Enrollment, even if your dentist leaves the network during the year.
Dental Benefits

Metropolitan Life Insurance Company (MetLife) is the carrier for the dental portion of the GIC Dental/Vision Plan. There are two dental product options:

- The PPO Product (also known as the MetLife Value Plan), and
- The Indemnity Product (also known as the MetLife Classic Plan).

Both products include MetLife’s network of dentists and offer the following in-network benefits:

- 100% coverage for preventive and diagnostic services
- 80% coverage for basic services, such as root canals and extractions
- 50% coverage for major services, such as dental implants
- The lifetime orthodontic maximum is $1,500
- The annual per-person calendar year maximum is $1,500 for in-network claims and $1,250 for out-of-network claims

Vision Benefits

Davis Vision is the vision provider for the vision portion of the GIC Dental/Vision Plan. This product offers a preferred provider network of almost 2,100 Massachusetts providers, with additional providers across the country. Members receive basic services every 24 months (age 19-60) or every 12 months (age 18 or under and 61 or over) at no cost:

- Routine eye examinations
- Fashion and designer frames
- Scratch-resistant lens coating

Premier collection frames are covered at any of the almost 700 nationwide Visionworks® stores with no copay. Non-plan frames are covered up to $149.95 at Visionworks®.

Enhanced materials and services at all preferred providers are covered at 100% after a copay. Members can also take advantage of Davis Vision discounts on additional eyewear. When members do not use a preferred provider, they are reimbursed according to a fixed schedule of benefits.

**Attend a Health Fair**

Employees who are enrolling in GIC benefits for the first time, thinking about changing health products, or are looking at other benefit options can attend one of the GIC’s health fairs to:

- Speak with health and other benefit product representatives;
- Pick up detailed materials;
- Ask GIC staff about your benefit options;
- Change your health plan or apply for other GIC active state employee benefits; and
- Take advantage of complimentary health screenings.

*Please visit mass.gov/gic-news-and-announcements for the health fair schedule.*

**ADA Accommodations**

If you require disability-related accommodations, contact the GIC’s ADA Coordinator at least two weeks prior to the fair you wish to attend:

- **1.617.727.2310**
- **GIC.ADA.Requests@massmail.state.ma.us**

---

**Our Website Provides Additional Helpful Information:**
